

Message from the Program Chairs

BigDataSecurity 2022

BigDataSecurity/HPSC/IDS 2022

It is a great pleasure and honor for us to welcome you on behalf of the Conference Committees, to the 8th IEEE International Conference on Big Data Security on Cloud (BigDataSecurity 2022). I am glad that we can have this international conference at Jinan, China.

Please allow us to introduce the basic philosophy of IEEE BigDataSecurity. The conferences address the contemporary rapid development of big data security science and technology that has led to a great improvement in cloud computing technology recent years. IEEE BigDataSecurity 2022 is the next edition of a series of successful academic events, including BigDataSecurity 2015 (New York, USA), BigDataSecurity 2016 (New York, USA), BigDataSecurity 2017 (Beijing, China), BigDataSecurity 2018 (Ohama, USA), BigDataSecurity 2019 (Washington DC, USA), BigDataSecurity 2020 (Baltimore, USA) and BigDataSecurity 2021 (New York, USA). The conference has involved a variety of topics mainly focusing on big data security in cloud systems presented by authors from a diversified group of universities and institutions. The contributions and concentrations have brought a plurality of interests and insights to our picturesque meeting venue that is located at the central position of the States. I hope that all attendees and contributors of this conference can take advantage of this opportunity through all activities held by this event, from presentations to keynote lectures.

It is our great honor to introduce the program for the BigDataSecurity 2022. We received over 101 research papers for this conference out of which 13 were accepted as full papers. The acceptance rate of BigDataSecurity 2022 is 12.87%. We have put together a few tracks over the period of the conference. As a conference chair of BigDataSecurity 2022, I know that the success of the conference depends ultimately on many people who have endeavored to the conference with us in planning and organizing both the technical programs and social arrangements. We particularly express our gratitude to General Chairs Hongjun Dai; Publicity Chairs Karuna P. Joshi and Keke Gai, Local Chair Luna Li and Md Liakat Ali. We also owe special thanks to our sponsors: IEEE, IEEE Computer Society, IEEE TCSC, IEEE STC Smart Computing, North America Chinese Talents Association, and Longxiang High Tech.

On behalf of the BigDataSecurity 2022 organizing committee, I am honored and delighted to welcome you to the 8th IEEE International Conference on Big Data Security on Cloud in Jinan, China. I believe we have chosen a venue in which guarantees a successful technical conference amid the culture and scenery of Jinan. With our charming venue, we are sure that you will enjoy your journey at BigDataSecurity 2022 for socializing with other scholars and gridding the academic social networks.
